News Release

12/03/2010

In the past few weeks, the Vance County Sheriff's Office has encountered individuals going door to door attempting to sell and/or demonstrate cleaning products. Even though, we found that this is an established out of town business, we encourage citizens not to open your doors, give out personal information, nor give money to anyone whom you are not familiar. If you are not sure about any persons at your home requesting to enter for a demonstration or to sell any products, please dial 911.
